RiiG Provides Support to MBA Student

RiiG are delighted that following a highly successful careers event and presentation at Bradford University Business School that they have engaged a MBA student to work with them and to assist him in the completion of his dissertation.

“The event was a first for RiiG” commented David Codling, Consultant Claims and Development. “It was an excellent day and allowed our team to talk to a new catchment area of students. The standard was very good”.

Sandip Bhadury is a final year student and will be working on a research paper on the UK Motor and Liability claims markets.
